7th August 2018

Dear Students and Parents,

Thank you for taking the time to find out more about NCUK and the programmes we offer to students around the world. NCUK was originally formed by a group of universities in 1987 to deliver pathway programmes to students worldwide who wish to study at undergraduate and postgraduate level in the UK and globally. So far, we've helped tens of thousands of successful students' progress onto degree courses through our world-class programmes. We have students from over 100 nationalities and have centres worldwide, including in the UK, Ireland, China, Nigeria, Thailand and India.

NCUK is partnered with BSC Ukraine to offer the NCUK qualifications and guarantee students a route to the UK. British Study Centres have met our externally verified quality assurance criteria and we review this on an annual basis.

The International Foundation Year (IFY) is designed to prepare international students for entry to an undergraduate degree programme at a UK university. It is also accepted by a wide range of universities worldwide. The programme is deemed to be comparable in its standard and outcomes to the UK GCE A Level, the Australian Senior Secondary Certificate of Education (HSC) and the US Advanced Placement (AP) by UK NARIC, the National Recognition Information Centre for the United Kingdom. The NCUK IFY is taught in a range of subject areas in Business, Humanities, Science and Engineering.

The NCUK Guarantee

The NCUK Guarantee, offers students' unprecedented and guaranteed access to the following universities:

The University that the student will progress to depends on their results but as long as students pass the NCUK programme, NCUK guarantee they will find you a place at an NCUK university.

NCUK students have also progressed to a wide range of universities outside this group. NCUK and BSC Ukraine will support student applications to universities in the UK, US, Australia, Canada and Ireland. See the NCUK website for more details on where our students have progressed to.

If you choose to study with NCUK and BSC Ukraine, you will be joining a group of highly successful international students who have previously taken this high quality preparation programme. To demonstrate this success over 80% of former IFY students graduating from an NCUK University achieve a first or second class degree and 90% of our students get access to their first choice university.

If you would like to know more about the programme, staff at BSC Ukraine will be happy to advise you. If we can be of any further assistance, please use the email address above.

May we take this opportunity to wish you well with whatever route you decide to take to progress your career.

Yours Sincerely,

Emma Dawkins

NCUK Academic Director
